MINUTES OF
PHYSICAL ACTIVITY

750
MEALS
PROVIDED

"I learned that there is way more to Benton Harbor than people make it seem and I am ready to help out as much as I can."

-Zarriah Porter, Student Worker

2022 BENTON HARBOR SUMMER IMPACT REPORT

The Benton Harbor Summer Impact program completed its 7th year! This community partnership provides students, and our community, with opportunities for development in the areas of leadership, job skills, healthy lifestyles, and character that have a significant positive impact throughout the community.

The program provides training to high school students who serve as workers and mentors. It is an opportunity to build their self-confidence, mentoring skills, workforce development and social skills, while encouraging healthy lifestyles, and giving back to our community.

Benton Harbor Summer Impact's target audience is K-7th grade youth and their families.

At Martin Luther King Jr. Elementary School, student workers provide daily mentoring in the classroom and assist teachers in classroom management.

At First Church, student workers planned daily activities for students focusing on health and nutrition, science, sports and fitness, as well as arts and crafts.

The goal of the program is to strengthen community connectedness, provide safety, and build a sense of pride and ownership, which leads to transformative change. Through 2022, this group of dedicated youth and leaders lived out this charge!
